## The Prez Sez:

I would like to extend a big "thank you" to CHPshot for the donation of a pop-up tent. Thanks for your generosity. It will come in very handy during the hot summer months and for our OR State Match in June.

Speaking of the Upcoming OR State Match, 90 shooters have already reserved their spot. RV spaces with power have been filled, but we have tons of dry camping (water available) spaces left. Stay tuned by checking out your competition, match schedules, prizes, etc., by visiting our website [merlinmaraudercowboys.com](http://merlinmaraudercowboys.com). Don't forget – Mid Valley Drifter and gang will once again be holding a shooting class, which this year is scheduled for Thursday, June 7<sup>th</sup>. The application can be found on our web site. Why not plan to join us at the **next Annual Match Meeting**, scheduled for **March 21<sup>st</sup> at the Black Bear Diner, starting at 6:30 p.m.** Come earlier if you wish to eat.

Congratulations to **Law Dawg Rick** and **Marshal Law**, who were installed as new **Directors** to the Executive Board. We appreciate your support.

A big thank you, once again, was extended to Sweetwater Jack who served as the Merlin Marauder Terri-

torial Governor for the past 10 years. To show their appreciation, the Merlin Marauders presented him with an engraved pocket watch at the February monthly meeting. So Sweetwater, finally you got your retirement watch.

Till next month, ride tall and shoot straight...Yer Prez Molly b'Dam

## JCSA NEWS

Lura Johnson has asked the Marauders to set up and demonstrate a Cowboy Action Shooting Stage on Saturday, 19 May for the Boy Scouts from 0900 to approximately 1300. Scouts aged 12-15 will be allowed to try their hand at shooting the Rifles and Shotguns of the Old West. Unfortunately, the BSA rules will not allow them to fire hand guns. We need a few Marauders (3-6 or so) dressed as you would for any cowboy match to set up, demonstrate with all guns, and assist the scouts in shooting our long guns. Let Molly or Mountain Grizz know if you will be available to help out.

Did you know the saying "God willing and the Creeks don't rise" was in reference to the Creek Indians and not a body of water? It was written by Benjamin Hawkins in the late 18th century. He was a politician and Indian diplomat. While in the south, Hawkins was requested by the President of the U.S. to return to Washington. In his response, he was said to write, "God willing and the Creeks don't rise." Because he capitalized the word "Creeks" it is deduced that he was referring to the Creek Indian tribe and not a body of water..

## WINCHESTER '93/97 INFO

The Wild Bunch Action Shooting Committee is pleased to announce that the IAC 93/97 shotgun is LEGAL for use in WBAS sanctioned competitions. The shotgun is LEGAL for all sanctioned WBAS matches effective Jan. 14, 2012. The WBAS Shooters Handbook is only updated once a year so this approval is not shown in the current version. The following wording will be added to the next revision of the WBAS Shooters Handbook to be released in November 2012 under the section: "Shotgun Requirements". The IAC 93/97 reproduction Winchester is also approved. The shotgun may be identified by the numbers 93/97 on the left side of the barrel and the words IAC Billerica, MA on the right side of the barrel. Original Winchester 1893 shotguns were declared unsafe by the manufacturer and are NOT legal for use in WBAS sanctioned matches.

\*Note- this is approved and legal for WILD BUNCH ONLY! Not Regular CAS. Matches - Sweetwater

## Dispatches From The Territorial Governor

Howdy pard. The following was recently discussed on the SASS Territorial Governor's Wire and I thought it might be of interest in regards to clarifying the SASS rule governing procedural calls.

As most of you know, the spotters are the authority when it comes to determining a shooter's misses on a stage. The spotters can be polled and questioned by the Timer/Operator, but the spotters have the final say. However, it's another matter when it comes to procedurals. In that case, the spotters assist the T/O by offering their input. It is the T/O who decides if a shooter should be awarded a procedural or not. The T/O arrives at his decision by considering the input from spotters and his/her own observations.

The rule governing misses requires a majority vote of the three spotters to be a miss. However, the majority rule does not apply to procedurals. One spotter, who is certain of his call, can award a shooter a procedural or the T/O can award a procedural based on his own observations alone. For the most part, the T/O will normally rely on the spotters input, but that might not be the case if the T/O was in a better position to view the shooters actions. It is the T/O who has the final say when it comes to awarding procedurals unless the call is appealed to a higher authority (ie. Match Director)

SASS course manuals cited: Range Officer Basic Safety Course (Level I)

The Timer/Operator polls the 3 spotters to determine the number of misses and/or procedural penalties input and then calls those numbers to the scorekeeper and the competitor in a loud, clear voice.

Range Officer Training Course (Level II) The Chief Range Officer (or T/O) shall determine any misses by polling the assigned spotters and communicate the misses and any procedural and safety penalties to the score keeper as well as the shooter.

*Per Palewolf, the latest editions of the SASS Handbook and RO Instructor versions are now posted on the SASS website,*
